

DWIGHT THE DEER FABRIC GUIDE

Use this guide to duplicate the fabric placement in the Large Quilt shown on the cover of my Dwight the Deer pattern. All of the flannel fabrics used in this quilt are currently available (as of January 2017) from Robert Kaufman Fabrics.

The deer antlers are made with Mammoth Flannels. The faces and block backgrounds are made with Shetland Flannels. The dark and light details on each block are made with Black and Snow Flannel Solids.
