

SPECTACULAR SAVANNA BLOCK OF THE MONTH CUTTING GUIDE

I recommend using this pattern for a ten month program - one month to prepare the background and detail fabrics, eight months of making animal blocks, and one block to make the leaf blocks. During the first month, participants should follow the directions on Page 2 to cut/divide the neutral solid fabrics which will be used in making all of the blocks.

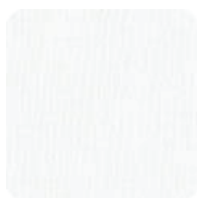

The fabrics listed on the chart are available from Robert Kaufman and feature my Adventure print collection, Kona solids, and Essex cotton/linen blend.
